INSTITUTE DAY

ACTIVITY REPORT FOR DEAN (ID&AR) EVENTS FOR THE ANNUAL YEAR 2023-24

Abstract

ALUMNI RELATIONS

Institute Activities

1. Distinguished Alumni Awards & Young Achiever Awards Distribution Ceremony 2023-overview
2. Incendo event-event
3. Business and Entrepreneurship for Engineers (BEE) Course-initiatives
4. NITT UG Research Fellowships/Scholarships by the class of 1974 and Dr. Ram and Thaila Foundation
5. Greening the campus-initiative
6. RECT'78 Scholarship
7. Tankless Water Controller (TWC)- Project
8. Nobel Laureate's talk
9. Eighty Batch Chair Fund(EBCF)
10. SCIEnT Lab
11. Kerala Regional Chapter Inauguration
12. Reunions
13. Notable Alumni Visits
14. Guest Lectures
15. RECAL UG Scholarships

School Activities

1. NIT Middle school

INTERNATIONAL RELATIONS

Projects in Progress:

Projects completed:

June 2022**Removal of seemai karuvelam and tree plantation in campus:**Seemai karuvelam is an invasive thorny bush that depletes groundwater table. Eradication of the species in the campus completely has spread for 50% of the campus open space area.

500 saplings are proposed to be planted in the same area. It was done in 4 phases, 1 phase for each area.The estimated cost is 8L 92K

Site details:

1. Quarters zone-STP & Oxidation pond, Govt. Middle school area
2. Hostel zone-Helipad, Hostel STP and along compound wall
3. Lake zone- behind Garnet & Mega mess-II
4. Institute zone- scattered locations

July 2022**Community-based recreational area behind quarters 28th Street:**The 7 acres open ground behind 23rd street is currently used as a storm water recharge basin for the campus. In addition, there are another 6.5 acres of karuvelam shrubs to the east of this check dam near quarters STP separated by a wall. It is proposed to transform these 13.5 acres into a green recreational area for the quarters zone.

It is proposed to have:

- 3 acres open play area (near approach road)
- 4 acre gardens with lawns, flower beds, shade trees and walking trails
- 6.5 acres of man made water body

Tamil Nadu Forest Department has agreed to plant 9000 saplings in our premises. As an initial phase, they have planted 4000 saplings in the northern side of the JASPER hostel. The cost of the saplings, digging of earth for tree plantation were borne by the Forest Department. The fencing on one side with GI Mesh wire fencing which requires a fencing material for 450 m length, at a cost of Rs.48,000/- was taken care of, with the alumni funds.

Class of 1973 has contributed 25L to RECAL foundation on 3rd March 2023, during their Golden Jubilee Reunion for Scholarships to meritorious students of NITT(Name: 1973 Alumni Golden Jubilee Scholarship) to be given for the next 25 years. After 25 years, if the corpus is not recouped by further contributions from the batch, the number of scholarships may be reduced. On completion of 25 years, the corpus of 1973 meant for scholarships be merged with any Welfare fund of the institution prevalent at that point in time

Projects as identified and approved by NITT management for improvement of the campus

They have requested 15 L be put in a FD to form the corpus of class of 1973 and the interest earned annually from this corpus be utilized for awarding scholarships from the AY 23-24.

10L be used for projects approved by college management. Already Miyawaki Forest 1973 is under progress and the second project Rain Water harvesting is under progress.

Removal and disposal of thorny bushes for plantation of tree saplings in the northern side of JASPER hostel

The Forest Department of TN planted 9000 nos of tree saplings. The cost for the saplings and digging the earth for tree plantation will be done by the Forest Department. This was executed in September 23 for an amount of 1L 80 K

Projects in the pipeline:Endowed Chair policy

An endowed chair is a faculty position, with or without prerequisites, staff or administrative assistance, supported by income from an endowment fund established by a gift from sources external to the University. The University creates endowed chairs to recognize the interests and contributions of benefactors. It awards endowed chairs in order to retain, recruit and reward faculty members who have demonstrated excellence in research, teaching and professional contributions at a level that brings external recognition for the university.

Repairs and renovation works in Middle School Building at an estimated amount of 14L:Patch plastering for cracks in the wall, plinth protection around the building. Providing and fixing of glass panes (4 mm thick) for all class room windows.

Painting of black boards for all class rooms, providing and fixing of MS grill with weld mesh for ventilator above the door in all class rooms, Brick work for constructing platform and stage at kitchen, renovation of staff room toilets by providing ceramic tile floors and dado, fixing the new PVC door shutter for staff room toilets, providing and fixing of sintex water tank 1500 L capacity, enamel painting to grill gates and kitchen wall, exterior painting to outer wall surfaces.

Turf cricket ground with cricket stadium: To provide a state-of-art international cricket stadium with three grass wicket pitches

Advantages:

NITT promotion on a national level and boost the sporting spirit

To conduct Inter NIT tournaments and Trichy League Cricket matches.

Revenue generation: Renting the stadium for events and matches like TNPL and TNCA leagues

To attract sponsorship and advertising opportunities for the cricket team

Budget costs for construction, equipment and maintenance: 93L 30K

ALUMNI RELATIONS

Distinguished Alumni Awards & Young Achiever Awards Distribution Ceremony 2023

13 Alumni were selected for the Distinguished Alumni Awards and 2 Young Achievers Awards for the year 2023. Owing to the impact of covid, a few of the distinguished alumni could not attend the ceremony of the earlier years and hence, awards were also given to the Awardees of the previous years. 3 from 2021, 13 from 2022 and 2023 each, received the awards in a ceremony on Dec. 12th.

Incendo event: For the first time, an Interaction of DAA/YAA awardees with our students was conducted in the following verticals:

1. Business & Consulting

2.Research/Innovation

3. Public Administration

4. Entrepreneurship

Business and Entrepreneurship for Engineers (BEE) Course

For the third year in succession, alumni curated, mentored and offered the open elective, Business and Entrepreneurship for Engineers. This course has been first-of-its-kind and is offered across batches for the third & final B.Tech Till date, a total of 104 students, (with 42 students from the current year), were given the experience of entrepreneurship.

As a part of the course curriculum, Master classes are conducted on niche topics and students are involved in the Out-of-the Building (OOB) activity. In OOB, the students are encouraged to meet the prospective customers to validate their business ideas and populate the details in Business Model Canvas for further discussion & refinement with the mentoring of the Alumni Course Coordinators.

NITT UG Research Fellowships/Scholarships by the class of 1974 and Dr. Ram and Thaila Foundation

Class of 1974 and Dr.Ram and Thaila Foundation have taken up a 10 year commitment for advancing research activities in the Institute. According to this, each selected research proposal will receive a full funding of Rs 90,000/- + up to Rs 15,000/- for approved research materials and Merit Certificate Awards Rs 20,000/- each project.A total of 18 proposals were received from B.Tech. students across various departments of our Institute. These proposals have undergone a rigorous evaluation process, including initial shortlisting and final selection for funding. After careful consideration by the alumni members, Dr. Ram S. Ramanujam and Prof. Ananatharaman, Former Professor (HAG), Dept. of Chemical Engg. have finalized the list of 4 research proposals for research scholarship and another 6 for award of merit certificates.

Greening the campus

- 5 Lakh INR was contributed by Mr.Prabhu Kumar, (Class of 1988) towards creating a green area in front of JASPER Hostel. This project was inaugurated on 18th October 2023. His contributions cover the infrastructure for watering the saplings and fencing the area - Human Resources and Infrastructure. Regular maintenance of the freshly created area is being undertaken by the Institute with his support.
- Class of 1973 planted 7 banyan trees in the campus during their reunion: 2 in front of the Chemical Engg. block, 1 each in front of Civil Engg., Mechanical Engg., and EEE Department and 1 more in the REC Middle School
- Lapis Hostel premises have become greener with planning 175 saplings.
- OJAS Miyawaki: 0.75 acres- 3500 saplings **Link**

RECT'78 Scholarship

Cheques worth of Rs. 44,000/- given to 6 UG students, from the interest accrued for the funds of RECT'78 Alumni Scholarship

Socially Relevant Innovation: Tankless Water Controller (TWC)

An Indigenous Product Design and Development Collaboration Between NITT student team and NITT Alumni Team (Class of 1983). TWC was developed by the collaborative efforts of the NITT student team and the class of 1983. This stands as a commendable example of Socially Responsible Innovation™ (SRI). TWC costs INR 5,000 and takes less than 30 minutes to install. TWC eliminates the need for Overhead Water Tanks in villages that cost INR 25 Lakhs and takes 2 years to build. TWC will help bring water to villagers in just a few days instead of years. The project was sponsored by Alumni students... great collaboration...kudos to the inventors...

Rainwater Harvesting

Infrastructure Requirements for Achieving Net Zero or Water Positivity in Various Phases have been completely assessed by Nansey Foundation. By implementing these measures, the water management system in the NITT campus will be improved significantly and the water resources will be used in a sustainable manner.

Nobel Laureate's talk

With the funding of the class of 1980, earmarked for a Nobel Laureate's visit and talk, was arranged while Pragyan and Dr Richard John, 1993 Nobel Laureate for discovery of split genes, delivered the lecture.

Eighty Batch Chair Fund(EBCF)

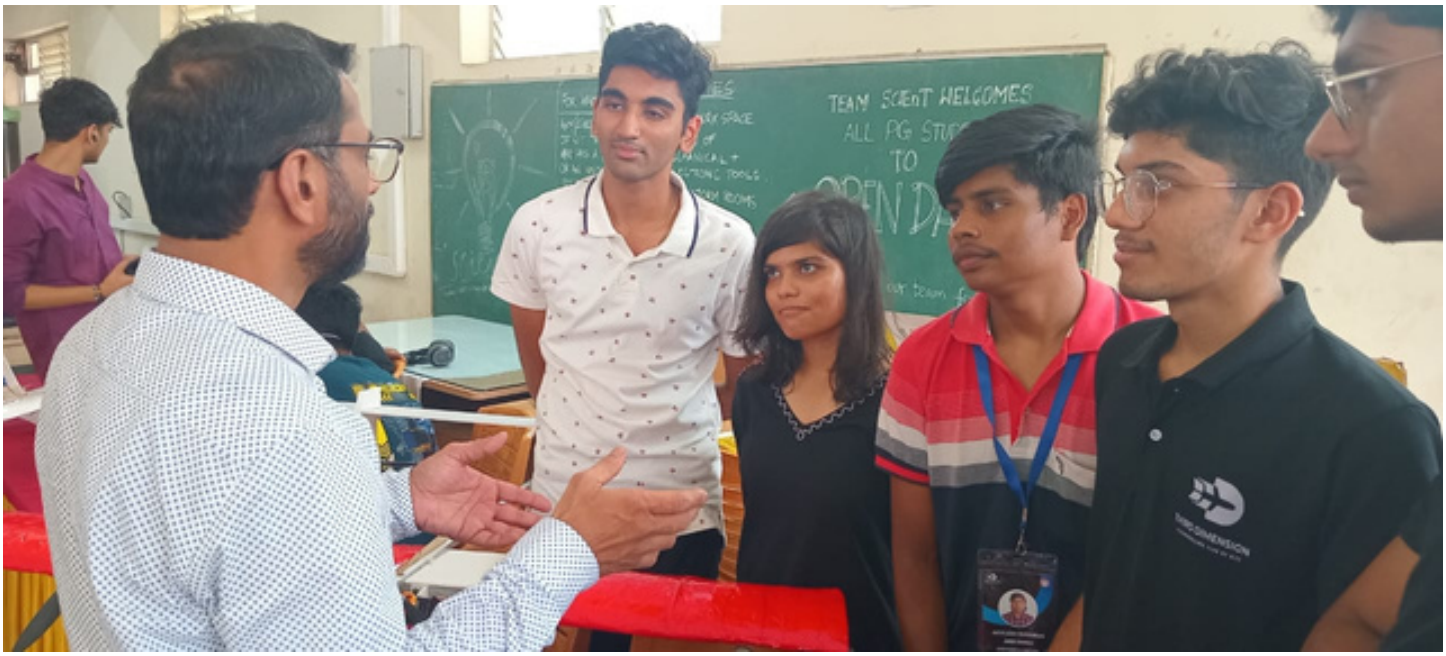
Mr. Vijayaraghavan Chakravarthy of the class of 1974 conducted a 3 day workshop on Heat exchanger, starting on Oct 20, 2023 for the senior students of Mechanical and Chemical Engineering UnderGraduate students and faculties.

SCIEnT Lab

A SCIEnT Project ShowCase and SCIEnT Annual Day Celebrations took place on April 13th, 2024. SCIEnT is an initiative of the Class of 1990. An open house which saw a large display of student works attracted lots of appreciation and engagement from the students and the visitors.

The annual Day celebrations has been celebrated every year from the inception of SCIEnT in 2015.

A Hardware and Software hackathon, TARNFI NITTe, was organized from Oct 26 to Oct 28, 2023.



Kerala Chapter Inauguration

On March 24, 2024 Kerala regional chapter inauguration was done at Trivandrum, with our Distinguished Alumni, Vice Admiral Sree Kumar Nair as the Chief Guest.The institute was represented by the Director in the virtual mode and Dr.G.Uma,Dean(ID & Alumni Relations).

OJAS Miyawaki

A tree is estimated to sequester 20 to 40 kgs of CO_2 per year.. so with 4000 trees in our Miyawaki forest. We remove over 120 tonnes of CO_2.. and add.. about 90 tonnes of O_2 to the campus.

Anganwadi Devices

Developing five different prototypes of the Anganwadi device to be used in Anganwadis in urban and rural areas for testing and feedback.

Reunions

The Silver Jubilee Reunion of the class of 1998 and Golden Jubilee Reunion of the class of 1974 took place in the institute on December 23rd, 2023 and January 25th, 2024. This year, the Part time CSE batch alumni of 2004 also visited the campus as part of their reunion celebrations.

50TH GOLDEN JUBILEE REUNION
REC/ NIT TRICHY CLASS OF '1974 25TH JAN 2024

Event by: A to Z Event Management

CLASS OF '98 ENGG & '99 ARCHI
SILVER JUBILEE REUNION - DEC 2023

RECAL Scholarship

158 students benefited from the contributions from alumni, across batches. RECAL and its office bearers take up the responsibility of scrutinizing the applications, interviewing the candidates and shortlisting the students and finally awarding the scholarships in a ceremony at the institute. The total scholarship amount is Rs. 45,32,000/-.

Notable Alumni Visits

Mr. Suresh Krishna, CEO Northern Tool and Equipment, USA (class of 1991), **Dr. Ram S. Ramanujam** (class of 1974), Investor and Entrepreneur, visited on Sept 5th, 2023 and 24th January 2024 respectively. Chandrayaan project director, **Dr.VeeraMuthuvel** (class of 1995), Mr.Venkatesh Kanna(PG class of 1993) and Mr.Himsagar S N (PG class of 2014) also visited the campus and addressed our students. Each of them added value to a variety of student doubts regarding higher education opportunities, scholarships for higher education, funding for ideas in addition to the core subject knowledge.

Architecture Students Association (ASA) initiated the ArchiTalk series, a lecture and workshop program aimed at enriching the academic experience of students

ArchiTalk Event 1: The inaugural lecture, held on February 21, 2024, featured Er. S. Rajendran (Class of 1974) shared insights into cost-effective architecture, emphasizing traditional craftsmanship blended with contemporary design principles. The second session of the ArchiTalk series took place on March 27, 2024, with Ar. Saravana Raja, our distinguished alumnus(Class of -----), inspires students to explore diverse fields and problem-solving approaches in architecture.

Guest Lectures

Guest lectures were offered by our esteemed alumni: **Mr.S K Sampath** (class of 1974), **Mr. Srinivasan** (class of 1992), Founder- CEO, Pawgo and **Mr. Richard Sekar** (class of 1983) on

different occasions. The alumni addressed the students of the UG and PG on topics like Brands/Marketing/Finance

S K Sampath session - March 4, 2024

Mr.Srinivasan Pawgo, talk on Feb 20th 2024

School Activities:

Class of 1971 funded the NITT Middle school children's breakfast scheme

NIT Middle School - Breakfast scheme (class of 1971) With the support of class of 1971, a nutritious breakfast will be served to all the school children on a daily basis at the school premises.

Purchase of furniture and printers for NIT Middle school

Dual desks, -- in number, for an amount of ----have been purchased with the support of class of 1998 contributions. Printer cum photocopy machines and UPS were also gifted to the school by this class.

INTERNATIONAL RELATIONS

The Office of International Relations has organized various events and activities for the faculty, students and research scholars during the year 2023-24. The prime focus of these initiatives remains as to create awareness about various opportunities, encourage/facilitate the process of international associations.

The meeting with Campus France Chennai (Government organization under the French Embassy in India) focussed at fostering academic-research collaborations between Indian and French Institutions. As an outcome of the event, Campus France has shared the catalogue of English Taught programs to facilitate the collaborations with Institutions at France. Also, various fellowship opportunities for students and research scholars were stated in the meeting.

In order to encourage our faculty and scholars to apply for Fulbright Fellowships, we have organized a meeting with the United States-India Educational Foundation (USIEF). In this session, various Fulbright Fellowships opportunities available for the faculty to teach or do research in the United States, and for PhD students who wish to do part of their research in the United States were deliberated.

I SURE program

A seminar with DAAD (German Academic Exchange Service) Chennai was conducted to emphasize on the prospects of Internship, Higher Studies and Research in Germany. The session showcased the successful DAAD internship experiences from our B.Tech. students and further discussed about the timelines and application procedures. Also, opportunities for research scholars to pursue part of their research at Germany was discussed.

The Office of International Relations is involved in the admission of Indian Council for Cultural Relations and Study in India students and facilitate those students living and procedural formalities in campus. As a goodwill initiative Mr. Md Arifur Rahman, First Secretary and Head of Chancery of Bangladesh Deputy High Commission, Chennai met - our Director to convey his best regards for the institute and ICCR students from Bangladesh. In association with the institute's Counselling and Guidance Cell, every semester we organize a counselling and guidance session for the ICCR students.
